

## Executive Bios

### **Andrew E. Kersey**

#### **President and Chief Executive Officer**

Andrew E. Kersey is the President and Chief Executive Officer of CAS Medical Systems, Inc. (CASMED®). Mr. Kersey joined CASMED in 2001 as the Director of Engineering and became Chief Operating Officer at CASMED in January 2004. In 2007 Mr. Kersey was promoted to President and Chief Executive Officer of CASMED. Prior to CASMED, Mr. Kersey was employed by Novametrix Medical Systems, Inc. where he held various engineering management positions. Mr. Kersey was also previously employed by Corometrics Medical Systems, a division of GE Marquette Medical, as Engineering Manager. Mr. Kersey holds a Bachelor of Science degree from the University of Warwick (UK).

### **Louis P. Scheps**

#### **Chairman of the Board**

Louis P. Scheps is the Chairman of the Board of CASMED. Between 1990 and 2007, Mr. Scheps served as President and CEO of CASMED. In that pivotal role, Mr. Scheps was responsible for defining and shaping CASMED's strategic business direction, resulting in CASMED's unprecedented growth from \$3.5 million to over \$35 million in sales revenues. Under his leadership, CASMED was a five-time recipient of the "Connecticut Fast 50" award for the fastest growing technology companies in the state, a recipient of the "2007 Innovator of the Year" award from Business New Haven magazine, and named to the Hartford Courant's list of the Top 25 public companies in Connecticut. Before accepting the position of President and CEO, Mr. Scheps held the role of Director of Manufacturing for CASMED. Prior to his career at CASMED, Mr. Scheps was employed by Posi-Seal International as Vice President. Mr. Scheps graduated from the GE Management Program and holds an Engineering degree from Purdue University.

### **Jeffery A. Baird**

#### **Chief Financial Officer**

Jeffery A. Baird joined CASMED in January 2004 as Chief Financial Officer. He has over 20 years of extensive financial management experience in the medical products industry. Before joining CASMED, Mr. Baird was CFO of QDx, Inc. a startup venture engaged in the development of novel medical diagnostic products. Prior to his tenure at QDx, Mr. Baird held various financial positions at Novametrix Medical Systems, Inc. including Controller, Treasurer and CFO. Before joining Novametrix, Mr. Baird was employed by Philips Medical Systems.
